

Webinar

Thursday, November 10, 2022

12:00pm - 1:00pm Eastern Time

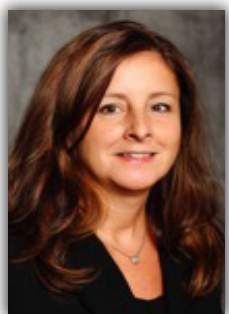

OVERVIEW

This one-hour training webinar will focus on the Enhancing Quality Using the Inspection Program (EQUIP) initiative. Participants will learn about the requirements of EQUIP and expectations for compliance. The webinar will include an interactive demonstration on how Unifi™ EQUIP, a software platform that facilitates efficient EQUIP compliance and image quality improvement, can be utilized to automate a facility's EQUIP workflow.

SPEAKERS

Martin Wan
Product Director
Hologic

Cinda Cole
Women's Health Specialist
Hologic

Terri Shaffer
Clinical Service Specialist
Hologic

TARGET AUDIENCE

This activity is designed to meet the educational needs of Breast Administrators, Managers, and Radiologists.

LEARNING OBJECTIVES

At the end of this activity the learner should be able to:

- Recognize each component of the EQUIP initiative: Why the initiative was implemented, what is required, and how to comply.
- Recognize how Unifi™ EQUIP can facilitate efficient compliance and foster a continued focus on image quality improvement.
- Leverage actionable business insights through Unifi™ Analytics to optimize staff performance.

AGENDA

- Provide overview of EQUIP standards and how Unifi™ EQUIP can help automate the EQUIP workflow.
- Demo Unifi™ Analytics and highlight of key features.
- Q&A

ACCREDITATION

This activity has been approved by ASRT for 1.0 Category A Credit.
